Building Neighborhoods Everyone is Proud to Call Home

Quality Jobs

Quickly Develop Potential Job Sites:

- Central and Lowry Fire Site
- Shoreham Yards – space for 1500+ jobs!
- Hollywood Theater – open the doors!
- Dayton's (former) Warehouse – north end of this site is vacant

Small Business Advocates

- Hire small business advocates to help small businesses open
- Make neighborhoods places where you can more easily live, work, and play close to home

Responsive Leadership

- Leadership that acts quickly and decisively

"I support Doron Clark because he always responds when neighbors need help. His leadership ensured Stinson's preservation and that Northeast bike plans can be easily implemented."

Lois Kelly, Lifelong Eastside Resident

Strong Neighborhoods

- Neighborhood plans that improve your neighborhood!

Waite Park Neighborhood

- **Waite Park School:** Community schools strengthen neighborhoods. I'll fight to ensure that Waite Park School remains an integral part of Waite Park.
- **"Fillmore Avenue" Bike Boulevard:** Biking is central to the city's transportation future. All transportation plans must include recreational and transit cyclists.
- **Railroad Tracks:** Cutting through the north end of Waite Park, the railroad tracks are the Eastside's historical connection to rail transportation and industry. The city must provide close oversight to keep neighbors safe as dangerous items travel by rail near our homes.
- **Hollywood Theater:** In other parts of the city, the city brought together private businesses and public organizations to redevelop theaters. Hollywood must be given the same consideration. Let's open the Hollywood now!

"Working with Doron on the Grassy Knoll, pollution remediation, and planting trees throughout Northeast, I know that he will fight for us at City Hall. We need Doron Clark as our Council Member as he will put our priorities first."

Nancy Przymus, Windom Park Resident
